Application by Verizon-New England Inc. for Authorization to Provide In-Region InterLATA Services in the State of Vermont, CC Docket No. 02-7

Dear Mr. Caton:

On Friday, February 1, 2002, Michael Lieberman, James Talbot and the undersigned, all of AT&T, had a telephone conversation with Carol Canteen and Richard Kwialkowski of the Common Carrier Bureau's Competitive Pricing Division. The purpose of this conversation was to discuss the cost and rate calculations associated with benchmarking analysis. During this discussion, AT&T referred to the following documents: Staff Preliminary Estimate of UNE Rates per Commission Decision, Appendix C, Schedule 2 (NY PSC, Case 98-C-1357) and a rate sheet reflecting AT&T's understanding of the recently ordered New York UNE rates for use within UNE-P. Per the request of Staff, AT&T is filing these documents in the above-referenced proceedings.

Pursuant to Commission Public Notices (DA 01-2746; DA 01-2994; DA 02-111), this filing does not count against AT&T's ex parte page limit. One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

cc:	Carol Canteen	Peter Bluhm (VPSB)
